Monday

Fun in the Round

Want your child to have FUN while improving listening skills, focus, team-building, confidence and self-awareness? Yep, you heard right. Fun in the Round! is an opportunity for your child to play mind-expanding games (called “improv” or “theater games”) while having a giggly-great time. No need for drama experience; this is for EVERYone! Most games are conducted in a circle (hence the name “Fun in the Round!”), and while kids laugh and get goofy, they’ll develop key life skills. Your kids will leave with a smile and wanting more! If the group shows readiness and interest, we’ll learn some basic rules of improv and begin to work on improv scenes.

MindDance Coding

Kids learn to code in the MindDance Scratch Lab by creating their own video games, animated stories, and interactive art. They build their projects in **Scratch**, an MIT-developed computer programming language for children. Our teachers provide inspiration and support, as students experiment, tinker, create, and share. The MindDance Scratch Lab is a warm and supportive learning community. It is social, artistic, experimental and fun. In between weekly classes, students are able to develop Scratch projects at home, publish their work to the Scratch website, and introduce Scratch to siblings, parents, and friends. Thanks to the way we group our students, this is a great class for Scratchers of all levels, from new to advanced.

Sound Formation

Elite music training for your child. Experience the unique method pioneered by music education visionary, Curtis Madigan. Hand-percussion is the perfect foundation and starting place for learning music. Fusing rhythm with mathematics, music is clarified and simplified. Mr. Madigan's curriculum develops the whole child, emphasizing character values and strengthening learning capacity with strategic and fun games. Unleash your creativity for all subjects. There will be a performance the final day. Our teachers have degrees, Masters degrees, and even Ph.Ds in music. For more information visit: <http://soundformationmusic.com/after-school-class/>

Chess Wizards

Chess Wizards is one of the nation's premier chess education companies. Our interactive, discovery-based curriculum inspires students to think ahead, visualize their goals, treat others with respect and to learn from mistakes. First, we let kids get the wiggles and giggles out with 10 minutes of free play and review of past taught topics. We then go right into the week's lessons. We separate students based on skill levels and teach different lessons best suited to their individual needs. All lessons have an activity and homework to accompany them and we have well over 80 different lessons to keep challenging our little wizards! Chess has been taught for thousands of years because of its emphasis on logic, tactics and sportsmanship. Let us coach your kids to a higher level of education!

Omniform – Karate

Omniform is martial art that develops the mind, body and the character of the student. It's a blend of Tae Kwon Do, Karate, Boxing and Yoga. The intention of the training is to empower the student to consciously and deliberately develop his or her own unique power - a power of self-confidence, strength and leadership that attracts positive experiences around them. We welcome students with no martial arts experience as well as students with previous experience. The cost of a uniform, jump rope and gear pack and study guide is \$72, which you can purchase directly from the instructor.

Missed classes can be made up at our studio location.
