Tik Tok is the WORST! If you remember [“Devious Licks”](#) from a few years ago, there are several more Tik Tok Challenges that are making the rounds. [HERE](#) is one example, but it is not the only one. Please talk to your child(ren) about the importance of thinking about the potential consequences of actions that might be being communicated over social media as “pranks” or “challenges”.

Reminder Group Chats We’ve recently become aware of some concerns related to group chats happening outside of school. Even for our younger students, texts and messaging apps can create confusion or hurt feelings that carry over into the classroom. We encourage families to talk with their children about how they use devices, what kinds of messages they’re sending and receiving, and how to speak up if something doesn’t feel right. [This article](#) from Common Sense Media could be a good place to start in terms of information that may be helpful for families.

Reminder 25/26 Updated Cell Phone Policy (Elementary) In an effort to continue our momentum with reducing screen time (and distractions) for our students, please be on the lookout for an updated policy for elementary students that is aligned with our middle school policy (i.e., no cell phones or smart watches allowed during school hours).

Reminder Cheer Squad Tryouts Families of **middle school students** interested in next year's middle school cheer squad- Tryouts are coming!! Please join us for a parent and student informational meeting on Wednesday, May 7th after school in The art room. This will cover all information about being on the team and give students the REQUIRED CHEERS THEY NEED TO LEARN FOR TRYOUTS.
